Ratings Forming Part of a Navigational Watch

At UAS Ketchikan
Technical Center

Nov. 6-8, 2012, 8:00 am—5:00 pm
Instrs: Ben Hastings & R.K. Rice

This course is USCG approved. Students must provide 60 days seetime on vessels over 200 tons performing navigational watch-keeping functions. Students will receive training in lookout duties, helm commands and duties of a mariner on a navigational watch. This course meets STCW 95 & USCG requirements for both lookout & helm duties.

Cost \$450

All materials and supplies provided.
Bring pencil and paper to class.
